

**Lake Holiday is looking for contributing members to the
PLANNING COMMITTEE**

The Planning Committee is a policy committee and serves in an advisory capacity to the Board of Directors.

The Planning Committee advises the Board of Directors on matters affecting land use and environmental protection, including but not limited to issues of demographics, social and economic forces likely to affect life at Lake Holiday during the next five or ten years as well as facilities, transportation, the siting of public services, infrastructure and other matters the Board of Directors deem to affect the environment and quality of life at Lake Holiday.

Participating in a Planning Committee can be time consuming, and we realize that you may or may not be able to dedicate the appropriate amount of time to participate. If you can, the association would be most appreciative of your efforts in thinking about the needs of our community. Many things will probably come to mind. Choosing to serve enables you to become an integral part of planning for the future. By applying your personal skills and resources you can bring our community together for a distinct purpose, with the opportunity to form lasting relationships.

The Planning Committee will represent the diversity and social culture of our residents, in a guidance capacity by leaving a legacy of service to our membership.

If you are interested in serving, are at least eighteen years of age and a member in good standing, please send a short resume expressing your interests and skills along with your contact information to the Lake Holiday Office via mail or email

Attention: LHPOA Board of Directors Planning Committee.
